CHILDREN MAKE TOYS

WONDERFUL WORK IN MANUFACTURING DONE BY L. A. SCHOOL CHILDREN

Mrs. A. L. Bancroft, of Tropico, who for many weeks assisted the Board of Appeal in its sittings at the Los Angeles Chamber of Commerce, has now returned to her original "Home Products" work for the Chamber. She reports that it has been much easier since the Council of Defense and Hoover begun their conservation campaigns with the slogan: "Buy in your own locality to save car space." In speaking of her work to a reporter for the Evening News she said:

"The government declares there is plenty of food in almost every town to feed that town. It requires four times as many cars as are ordinarily available to transport soldiers, fuel, ammunition and food, and only about one-third of the number needed are to be had. Officials are even now side-tracking freight from the east so that it takes three or four times as long as formerly to get shipments through.

School Children

"The schools are coming into the campaign in an astonishing manner. They are doing all they can to conserve food and cars and doing it in a practical way. The children are making the most wonderful Christmas toys, for example, for the Red Cross Christmas fund. Here, for instance, is a doll which I bought from a seven-year-old child in the school at Western avenue and Santa Barbara streets. I waited while she painted the cheeks."

At this point Mrs. Bancroft exhibited a very attractive cloth doll, a sample of hundreds which are being turned out by the clever fingers of little pupils in the Los Angeles schools and sold to the merchants for Christmas trade, or consigned to the Red Cross store for the same purpose.

"The boys," said Mrs. Bancroft, "are doing just as wonderful things in wood with the tools and machinery of their sloyd departments. They are making wooden matchsafes, banks, spindles and knitting needles. The needles are turned, polished, varnished and completely finished by boys from eight to twelve years of age, and this is done only in their sloyd period, so their studies are not interrupted.

Futurist Toys

"In the art department they are making calendars and Christmas cards. At the Alpine School I found photographers for the Mutual Film company taking pictures of the children making the toys. These will be exhibited in every theater in which their films are shown next week. The children here were making very striking 'futurist' toys and novelties. The majority of the toys were mounted on wheels and had movement. One showed a clown turning on bars as the wheels revolved. There were fluttering butterflies and kittens chasing balls. This output will be disposed of at the Red Cross Shop, where everything under the sun will be sold for Christmas presents. These boy toy makers range in age from nine to fourteen. The school is being paid for all the toys it turns out and its fund at the present time is being used for the relief of French orphans.

Letters to Soldiers

"The Grand Avenue school had its children write letters to soldiers on the foreign battle front. The school has received a letter of acknowledgment and thanks and besides that, two little boys have had personal answers from soldiers. One of these came from an American captain who wrote that he had no little boy of his own and how happy it made him to get such a letter from a little boy in Los Angeles; that he would continue to write to him all through the war until he should either be killed or come home to America. The little boy has been very 'chesty' ever since this letter came and talks constantly about 'my captain.' The other day his mother found him storing the apples she had given him daily that he might send them to his captain. He is the son of a German mother who came to this country when she was eighteen years old, but she and the boy are very loyal Americans now."

CHRISTMAS CARDS

Officials of the Glendale Red Cross Chapter desire everybody to know that Christmas Red Cross postal cards are now on sale at headquarters on Brand boulevard. They command the customary price, two for 5c or 25c a dozen.

WEATHER FORECAST—Fair tonight and Thursday. Westerly winds.

COUNCILS CONFER

GLENDALE TRUSTEES VISIT THE TROPICO BOARD AND ARRANGE JOINT CONFERENCE

All members of the Tropico Board of Trustees were present at the regular meeting Tuesday evening, which was devoted more to discussion than to actual transactions.

Reports

Monthly reports were submitted by city officials and read by Clerk Van Wie. The report of City Treasurer Brown showed:

Balance in general fund Nov. 1		$ 1432.39
Receipts of the month		2836.81
Total receipts		$4269.20
Total warrants paid		1302.03
Balance in fund		$ 2967.17
Library fund, bal. Nov. 1	$198.99	
Receipts	223.84	
Total	$422.83	
Expenditures	131.41	
Balance		$ 291.42
Bond Fund, Nov. 1	$209.33	
Receipts	223.84	
Total		$ 538.53
Brand Blvd. Improvement fund Receipts	$128.00	
No payments.		$ 128.00
Total in all funds		$ 3925.12

Building Inspector

The report of the Building Inspector showed three permits granted during the month of November as follows:

Addition to residence, 621 Palmer avenue, valued	$ 125.00
Residence office on N. Brand	800.00
Addition to permit 496 on Los Angeles street	10,000.00
Total	$10,925.00

Report of J. W. Gould of licenses collected, $84.75.

Report of City Clerk

Balance on hand Nov. 1.		$ 1403.93
Receipts—		
Building Inspector	$ 14.65	
City Recorder	33.00	
Licenses	46.00	
Street Supt.	1.40	
Co. Auditor, taxes	2633.52	
Total		2728.57
Total receipts in gen. fund		$ 4132.50

Disbursements:

Salaries	$510.00
City Clerk	3.00

(Continued on Page 2)

BENJY HOGUE'S BIRTHDAY

Master Benjy Hogue was given a charming ninth birthday party last Saturday afternoon by his mother, Mrs. R. V. Hogue, of 138 Orange street. Mrs. Hogue was assisted in entertaining the little people by her mother, Mrs. Addie Allen, and two sisters, Mrs. Ed Tuck and Mrs. Linkogel.

The house was prettily decorated in red and green, the two colors also being used in the refreshments and appointments of the dining room. The afternoon was very pleasantly spent in music and games. First prizes were awarded to little Miss Emma Torry and Master E. Cowan, while the consolation prizes fell to the lot of Miss Eula Linkogel and Master Edgar Walbach. At four o'clock luncheon was served and justice done to the birthday cake and other goodies that had been prepared for them. The little guests included the Misses Joy Willisford, Emma Torry, Margaret Chappel, Helen Sprowls, Florence Helfinstein, Eula Linkogel, Myrl Linkogel, Betty Brown, and Masters Evert Cowan, Ned Cowan, Merrith Brown, Edgar Walbach, Billy Schickler, Jim Keyser, Geo. Keyser, Nathan Finch, Dewey McCourt, Frankie Stanford, Grayham Young, Spency Bellue and John Torry.

BLAMES CONGRESS FOR DELAY

MAJOR GENERAL CROZIER, CHIEF OF ORDNANCE, SAYS RED TAPE HAS HINDERED WAR PREPARATIONS

(Special Service to Glendale Evening News)

WASHINGTON, December 12.—The snail-like pace of Congress, war department red tape, bickerings with contractors and the labor situation are blamed by Major General Crozier, chief of ordnance, for the serious delay in getting America on a war footing.

This was established today when Gen. Crozier was made the first witness in the Senate Military Affairs committee investigation into the whole military situation.

Inability to obtain appropriations by Congress quickly cost much time, the witness declared.

Investigation into the situation is just started and is yet to be speeded up. The inquiry into camp conditions is yet to be made.

LIMITS ALCOHOLIC CONTENT OF LIQUORS

PRESIDENT IN PROCLAMATION ISSUED TODAY LIMITS MALT LIQUORS TO 2¾ PER CENT ALCOHOL

(Special Service to Glendale Evening News)

WASHINGTON, December 12.—President Wilson issued a proclamation today limiting the alcoholic content of malt liquors except ale and porter to two and three-fourths per cent. He also ordered that the total amount of food, fruit and feed material shall not exceed 70 per cent of the average consumed in the production of malt liquors in 1918.

ATTACK GERMAN AERODROME

BRITISH SEA PLANE BOMBARDED OEASTACKER, DAMAGING TEUTON PLANES AND SUPPLIES

(Special Service to Glendale Evening News)

LONDON, December 12.—A British sea plane bombarded Oeastacker aerodrome from the Bruges dock, it was officially stated today. The attacking plane did considerable damage to Teuton machines and supplies.

EXPLOSION AT MUNITIONS PLANT

ONE MAN KILLED AND FIVE INJURED AT PLANT OF BETHLEHEM STEEL COMPANY THIS MORNING

(Special Service to Glendale Evening News)

WILMINGTON, Delaware, December 12.—One man was killed and five were injured by an explosion in the munitions plant of the Bethlehem Steel Company's plant near here this morning.

The man who was killed was rushing from the building with a flaming box of explosives. The contents exploded, blowing off his head. The damage to the plant is estimated at $50,000.

A street car delay in carrying men to work prevented thousands of workers from being at the plant at the time the accident occurred and probably prevented a great disaster.

PORTUGUESE PRESIDENT ARRESTED

NEW REVOLUTIONARY LEADERS ARE IN COMPLETE CONTROL OF THE SITUATION IN LISBON

(Special Service to Glendale Evening News)

LISBON, December 12.—President Muchada of Portugal was arrested and thrown into prison Monday by the new Revolutionary regime, it was announced today.

AUSTRIAN WAR SHIP SUNK

THE WION, CARRYING A CREW OF FOUR HUNDRED FIFTY MEN, TORPEDOED ON SUNDAY IT IS ANNOUNCED

(Special Service to Glendale Evening News)

AMSTERDAM, December 12.—The sinking of the Austrian battleship, Wion, torpedoed Sunday, was announced here officially today. The battleship carried a crew of 450 men. It is not known whether any lives were lost.

GENERAL STRIKE IN MINNEAPOLIS

THIRTY THOUSAND UNION MEN PREPARE TO WALK OUT TOMORROW IN SYMPATHY WITH CAR EMPLOYES

(Special Service to Glendale Evening News)

MINNEAPOLIS, December 12.—Thirty thousand union laborers are preparing today to go on strike tomorrow morning at 10 o'clock, thus crippling every industry in the Twin Cities.

Two thousand guards are patrolling the streets of both cities prepared for any eventuality. Hundreds of employers are endeavoring to import thousands of workmen to replace the strikers.

A general strike is ordered calling out all union men in sympathy with the 1000 street car employes who are locked out.

The whole trouble started by the wearing of union buttons by the street car men. Street car managers prohibited such a display and the lockout resulted.

DRIVE FOR MEMBERS

CHAIRMAN BRALY OF THE RED CROSS ORGANIZES FORCES FOR DRIVE

In compliance with the proclamation of the president urging a campaign for new members for the Red Cross, the Glendale chapter under the able leadership of their chairman, John Hyde Braly, will make a tremendous effort to make Glendale the banner city in point of Red Cross members.

With this end in view Mr. and Mrs. Braly have invited thirty of the prominent women of the city to dinner at their home this evening. The Red Cross drive will be discussed and the women will organize to carry on the work. Captains will be appointed and a whirlwind campaign will be conducted between now and Christmas to increase the membership.

The Glendale Chapter has had a a very commendable growth since its charter was received but the membership should be five times its present proportions. No doubt the chairman will set the mark high and Glendale will do her duty during this drive.

NEW YEARS AT PASADENA

So much prominence has been given to the football games featuring Rose Tournament day at Pasadena, January 1st, the last two years, that the wonderful floral parade held in the morning has been overshadowed, to a certain degree, in advance publicity concerning the Tournament.

It is only natural that this should have been the case, for these annual gridiron contests are of international interest, and are generally regarded as definitely settling which plays the best football, the east or the west. However, all this does not mean the floral parade which has been a feature of New Year's day in Pasadena for twenty-eight years is any the less interesting. On the contrary, the pageant is more beautiful, larger and more impressive every year.

The coming event promises to be carried out on even a more elaborate scale than ever before and there is no question that it will be witnessed by a larger crowd. It is estimated that 250,000 persons will be in the Crown City New Year's day.

CONDITIONS IN THE EAST

William Theobald, 1564 Oak street who has just returned from Toledo, Ohio, gives a graphic picture of the hurry and bustle in the manufacturing districts there. He worked a few months in a big manufactory making nothing but brass and copper boxings and parts, yet several hundred men were employed. The Overland auto machine shop was turning out hundreds of Sunbeam motors for aeroplanes, then switched to a big order of gun carriages. All around were big factories making nothing but bullets of various sizes. All these factories worked 24 hours a day, their men coming on in shifts of eight hours. The only breathing spell in the entire week was a few hours on Sunday afternoon. Every factory in Toledo was working on war material of some kind. Labor is in great demand and wages very high. Nearly all kinds of eatables are higher than in California. No one was allowed to buy more than two pounds of sugar at a time.

CONFERENCE AT ST. HELENA

There will be a meeting of the Pacific Union Conference committee December 16th at St. Helena which will cover the work at large of the entire states of California, Nevada, Utah and Western Colorado of Seventh Day Adventists. No meeting of the kind has been held for two months and several important matters will come up for decision. Quite a large delegation will go from Glendale which will include Elder E. E. Andross, B. E. Beddoe, Vice President of the P. U. Conference, Elder G. W. Reaser, Field Secretary, B. M. Emerson, Secretary-Treasurer of the Conference and Elder M. M. Hare of Los Angeles, President of the Southern California Conference.

BACK FROM THE NORTH

Stephen Veselich returned the first of the week from a trip to Sacramento and other northern cities which he visited in connection with army matters. Mr. Veselich is intensely patriotic and it would not surprise his friends to hear of his enlistment. He states that he found everywhere great activity in connection with Red Cross work and intense interest in the comfort and welfare of the soldiers. So far as he was able to observe, no work has been done on the big plant for the manufacture of aeroplanes which it was announced would be established at Sacramento.

HOUSE NUMBERING

CITY ENGINEER SUBMITS TWO SYSTEMS TO BOARD OF TRUSTEES

At an adjourned meeting of the board of trustees of the City of Glendale held in the City Hall Tuesday evening, City Engineer Edward Lynch submitted the following communication, which was on motion received and placed on file.

December 11, 1917.

The Honorable Board of Trustees,
City of Glendale.

Gentlemen:—I am herewith submitting copies of maps of the City of Glendale, upon which I have roughed out two different proposed systems of numbering houses.

In the first system I take the extreme west and south portions of the city as base lines from which to number; and in the other system I take Brand Boulevard and Broadway as dividing lines, numbering east and west and north and south from these lines. I believe the system which takes as its base, lines drawn through the most westerly and southerly portions of the city, and number consecutively from the south to the north boundary lines, and from the west to the east boundary lines of the city will work out in a more generally satisfactorily manner. In either system I would give two numbers to a fifty-foot lot, as on the whole I believe this would be better than doubling up and giving four numbers to a fifty-foot lot. I would not attempt to have a change in the numbers, say from the eight to nine hundred block, at every street in the town, but would, as much as possible, change numbers at streets which were more or less continuous through the town. In other words, starting

(Continued on Page Four)

TO BECOME RANCHERS

Mr. and Mrs. Louis Coole, of 220 West Tenth street, are packing their household effects preparatory to saying goodbye to Los Angeles county. They will leave the last of the week for Exeter where they have purchased a sixty-acre ranch which they are planning to farm in the most approved manner. It has vineyards and orange and almond orchards. Mr. Coole will plant a considerable acreage to alfalfa. These young people grew up and married in the twin cities and have a large circle of relatives and friends in Tropico and Glendale who are dismayed at losing them. But since they will still be Californians and boulevards leading to Exeter are good, they are reconciling themselves to the situation with philosophy.

FLOWER SHOWER

Miss Addie Midcalf, who is to be a bride next week and who has been complimented by many pleasant social affairs was the honored guest at the home of Miss Rosa Peck, 856 S. Pacific avenue, Saturday evening when Miss Peck and Miss Margaret Smith entertained at a flower shower. The affair was a surprise to Miss Midcalf who had been invited to spend the evening with Miss Peck. About fourteen girls, nearly all members of Miss Midcalf's Sunday School class were present. Many beautiful gifts made of flowered ribbon or hand painted china were presented the bride-to-be and flower games and dainty refreshments were enjoyed.

PRIVATE LYONS ENTERTAINED

Private James Lyons, who left the service of the Home Telephone Company in Glendale, to serve in Uncle Sam's army, came up from Camp Kearny to spend Saturday and Sunday with relatives and friends in Glendale. Sunday evening a dinner in his honor was given by Mrs. B. F. Burlingham and daughter Daphne, at their home, 817½ South Brand boulevard. His parents, Mr. and Mrs. Michel Lyons, and his sister Isabel, were guests, also Mrs. Delia Hapgood of Tropico. A yellow and green color scheme was effectively carried out in the floral decoration of the table, which was very dainty in all its appointments. Private Lyons returned to camp Monday morning. He expects to be transferred to "somewhere in the U. S.", when the Fortieth Division leaves.

STRAW VOTE ON HOUSE NUMBERING

At the get-together luncheon of the business and professional men of Glendale at the Masonic Temple tomorrow, Thursday, at 12 o'clock noon, a straw vote will be taken on the house numbering system in Glendale. Give the question careful consideration. E. C. Thomas of the Traffic Department of the Pacific Electric Railway will be the after luncheon speaker.

GLENDALE, CALIFORNIA, WEDNESDAY, DECEMBER 12, 1917

FOOD CONSERVATION—WHAT IT MEANS

A new term has recently come into general use—food conservation. It is heard on every hand—at public gatherings, in private homes, in shop and store and factory. It appears on bill boards and blazes forth from electric signs throughout the nation. It has a vital meaning, which to some may not be altogether clear.

The definition in a broad sense has been set forth by the United States Food Administration for California as follows:

(1) It does not mean that Americans are themselves to go hungry. The government is employing all the means at its disposal in an effort to assure every man, woman and child a sufficiency of wholesome, palatable and nutritious food. We have more than enough for ourselves in America, and if distribution and prices can be properly controlled there will be no reason for suffering anywhere in our country.

(2) It does not mean that we are to hoard up food stuffs for fear we shall not have enough at some unknown time in the future. Such a policy would be the direct reverse of what is desired. For the farmers to hold back the supplies with which their barns and larders are filled and the city people who have money to buy up and lay away vast stores of food which they do not need at the present time would be to defeat the very thing at which the government is aiming. Don't hoard. Hoarding withholds food from our Allies and boosts the cost of living for ourselves.

(3) It does mean just two very definite things. It means in the first place that nobody shall waste any foodstuffs of any kind. The dwellers in the towns and cities who must buy most that they eat should waste nothing. Doubtless the high prices that prevail at present will prevent cause for complaint here. The garbage barrel should receive nothing that can be used on the table.

The same care should be exercised by the farmers where the food is produced. Doubtless careful saving will require more good will and effort on their part than among their city cousins; but they should heed the call of patriotism and humanity and let nothing go to waste if it can be made to help sustain human life. What vast quantities of fruits and vegetables go to waste on the farms of this country! Let the farmers save as much as possible of these perishable things by eating them, by canning, drying and preserving them, by feeding them to food animals, by marketing them. Everything saved on any farm in this country is a help toward victory and freedom, an aid to the alleviation of human hunger and suffering.

In the second place Food Conservation means that we Americans shall save for our allies across the seas, those foodstuffs which can be most easily shipped and which they most need. Experience has shown that the foods which are most needed by the allied armies and peoples are wheat, meat (including beef, pork and mutton), fats, dairy products and sugar. These are also the forms of food whose nutritive value is highest in proportion to their bulk, making them the easiest of all foods to ship in these times when there is not enough tonnage to carry all that is needed on the other side of the sea. The government, therefore, urges that we spare these foods for our allies by substituting other things which will serve us equally well and which can not be shipped at all or at least not so easily. For wheat bread substitute in larger measure corn, oats, rye, buckwheat and barley products and eat potatoes and other vegetables more largely than heretofore. For beef, pork and mutton substitute other meats in many cases with beneficial effects on health, for Americans are very large meat eaters. There are no substitutes for dairy products and sugar. But we can save much by cutting out all waste and by reducing in some cases the amounts used without any detriment to our own health or comfort. Cut out some of the candy and the health of the children will be improved; leave no sugar in the bottom of the cup; leave no butter on the plate to be lost in the dish washing; be sparing in the use of these articles.

If all Americans will voluntarily and faithfully follow these simple suggestions they will suffer little in comfort, none in health or efficiency, will save much money for themselves and will contribute immensely to ultimate victory. It is the one way, perhaps, in which absolutely every one of us can help on the great cause. To lose this war would set back the cause of humanity and freedom for centuries. America may well look aghast at such a possibility. This war must be won, and each of us can help by Food Conservation.

RAILROAD ACCIDENTS FEW

An analysis of the last accident report of the Interstate Commerce Commission indicates that, next to the seclusion of one's own home the safest place a person can be is on a railroad train.

Some interesting observations and conclusions, based upon the 1916 accident report are made public by Julius Kruttschnitt, chairman, Special Committee on Accident Statistics, American Railway Association.

In 1916, 302 companies, operating 139,000 miles of railroad equal to the combined mileage of Germany, France, Austria, Hungary and Russia, transported 60 per cent of the country's entire passenger business and 67 per cent of its entire freight business without a single passenger being killed in a train accident. The Southern Pacific system of over 11,000 miles, employing 80,000 men and carrying 45,000,000 passengers in 1916, conducted its operations without the loss of one passenger and but five employes in accidents to trains.

In striking contrast to this record are the fatalities and accidents to those who ignore Safety First principles as practiced by the roads.

Forty-nine per cent or almost half of the total facilities for the year 1916 were due to trespassing on trains or on tracks, a thing that is forbidden by law in Europe under heavy penalties.

One and seven-tenths of the total number of fatalities were due to negligence of passengers, and 21.4 per cent to negligence of employes in falling from or getting on or off trains and in walking on track; only 5.6 per cent were due to collisions and derailments of trains. Finally, 5.3 per cent of the fatalities occurred in shops, at stations, etc., and were in no wise due to the operation of trains.

Collisions and derailments caused but 3.9 per cent of the total injuries. Negligence of passengers and employes, trespassers and others caused 30.1 per cent, while 66 per cent of the total was in no wise connected with the operation of trains, but covered accidents, mostly trivial, in shops, around stations, etc.

TWO FOR ONE

The public generally is beginning to understand the great strategy of the Allies in the fighting in France.

To the most of the people it has seemed in the past that nothing was gained for the Allies unless territory was won.

The close students of war strategy knew better and understood that the great game that was being waged was not for territory but for men, not for the gaining of ground from the enemy but the exhaustion of the enemy's resources.

With a deadly science the Allies have been playing the game of taking two men of the Germans for every one they lose, knowing that the maintenance of this proportion can mean nothing but the ultimate victory over the Hun.

With cool determination they have caused the Hun to spend his ammunition and his resources, knowing that the enemy's resources, being smaller, will give out before those of the Allies when the expenditure is at the same or greater rate.

The battle which has been fought the past two weeks on the French front has meant much to the Allies not because of any territory gained but because in huge numbers they have been able to make the German dead total twice their own.

The submarine is exacting heavy toll from the shipping of the Allies but it is also exacting an enormous toll from the Germans in the destruction of their resources of men and material which go into the submarine.

All of which goes to prove that if the great game can be maintained in its present proportion of losses, the victory of the Allies is an ultimate certainty.—Hollywood Citizen.

COUNCILS CONFER

(Continued from Page One)

grommets for the service flags which were to be presented in the name of the City at the Red Cross Bazaar on December 13. On motion of Trustee Henry, seconded by Seal, the request was granted and the appropriation made.

Library Board Appointment

Trustee Seal stated it was his understanding that there will be a vacancy on the Glendale Library board to be filled after consolidation. He moved that Mrs. Wesley Bullis, secretary of the Tropico Library board, be recommended to fill that vacancy on the consolidation of the two cities. The wisdom of the recommendation found approval, but no action was taken.

City Trustees of Glendale arrived at this juncture accompanied by Manager Watson, the City Attorney and other officials. They were invited to address the Board and President Thompson presented a resolution adopted by the Glendale Council at its last regular meeting. He expressed the earnest desire of Glendale officials to have the co-operation of the Tropico Board to the end that the welfare of Tropico might be promoted, and their desire for full information concerning the affairs of the city that they might act intelligently and carry out work already begun along the lines projected by Tropico officials. The resolution asked for an inventory of all city property, for a complete audit of the city's books, for a list of all ordinances which would automatically be repealed by consolidation but which it would be desirable to have re-enacted, for full information relative to the obligations of the city in connection with the improvement of Brand boulevard, the moving of the S. P. tower, the Ivanhoe bridge, etc. President Thompson then invited the board to meet, as a committee, in joint conference with the Glendale trustees next Tuesday evening at the Glendale City Hall.

On motion of Trustee Henry, seconded by Alspach, the resolution as presented was adopted, and the board agreed to accept the invitation for the joint conference in Glendale. The Glendale officials then left the Council Chamber after expressions of mutual esteem had been exchanged.

City Audit

Trustee Henry was then delegated to secure a competent certified accountant to audit the books of the city, subject to the approval of the board.

City Water

Dr. Mabry, City Health Officer, then reported the work of his office for the month and the steps he had taken to insure the purity of the city's water supply. He urged the board in connection with its negotiations with Glendale officials, to see that this safeguarding of water is continued.

Statistics

The best means of collecting the information and statistics desired by Glendale officials was considered, and the matter was delegated to City Clerk Van Wie to be compiled from the minutes and other records of the city.

Demands

Demands which had been approved by the Finance Committee were then read and ordered paid as follows:

Street Supt. Jenning	$ 4.20
Baker, for street work	5.00
So. Cal. Edison, street lights	232.50
City of Glendale, for street oil	6.36

President Peters then presented the invitation of the Glendale Board of Trustees to attend its forthcoming meeting Thursday evening at which it will consider the advisability of acquiring a gas plant, as a public utility.

The board then adjourned.

We Have in Stock These Few Used Cars at Real Prices:

If you are in the market for a used car it would be worth your while to investigate and look them over. Make us your own proposition.

1 4-cylinder Studebaker speedster or racing type with high tension Bosch magneto. All new tires, in A-1 mechanical condition. Will do about 65 or 70 miles. This is a real buy at $275.

1 1914 4-cylinder 5-passenger Michigan with good rubber upholstery like new, this car has had very little use and is an exceptionally good buy for touring and heavy work. Price $400.00.

4-cylinder Studebaker Touring Car, new top, 5 excellent tires, repainted, fully equipped and in good mechanical condition. Price, $725.00

1 6-cylinder, 7-passenger Studebaker with new tires, accessories, etc. Price, $900.00

1 50 H. P. 6-cyl. Mitchell, 5 Pass. Touring Car, self starter. In fine mechanical condition. Price, $300.00

TOURISTS FROM ONTARIO

Mrs. Hattie Gaylord, of 134 East First street, has been made happy by the arrival of her cousin, Mrs. Ben Cody, accompanied by Ben Cody, from Ingersoll, Ontario. Mr. Cody has been a farmer and comes to Southern California in search of improved health. They plan to spend the winter in California and may decide to remain in Glendale, as they are very favorably impressed with it.

SUNLAND

Mrs. Frank McNab is spending a few days in Los Angeles visiting with friends.

Phillip Johnson has turned over the Tribune paper route to Mr. Coons, of Glendale, who will deliver the papers on schedule time.

Mr. Haverstick and his surveyors have moved into Mr. Blomfield's house while they are at work on the survey of the state highway.

Mrs. Abrums and family came up from Los Angeles and are now nicely settled in the Harmer house, just off Central avenue.

Mr. and Mrs. E. Sephton have rented the furnished rooms of Mrs. Brandstetter and will live in Sunland for a few months. Mr. Sephton is gathering the yucca leaves to make fibre for rope.

Personals

Mrs. Edwards of Tropico avenue, is reported as quite ill.

Mrs. James Hood, of Taft, is the guest of her daughter, Mrs. Richard Allen, of Tropico avenue.

Mrs. H. R. Miller and son, Harold, of Los Angeles, spent Tuesday with Mrs. Mary Rich, of Tropico avenue.

Members of the Yeomen Lodge are backing the "grab bag" and doll booth at the Tropico Red Cross bazaar, and they will probably yield big returns.

Mr. and Mrs. Richard Haynes, of Los Angeles, and Mrs. Emily Lucia of Michigan, were Sunday guests of Mr. and Mrs. Landon Haynes, of Cypress avenue.

Mr. and Mrs. E. L. Osborn, and grandson Brice, of Montrose, Colorado, have motored through to Glendale and are visitors in the home of Mrs. F. C. Porter, 821 West Fifth street.

Mr. and Mrs. Charles R. Lund, of Howard street are rejoicing over the arrival last Saturday of a baby daughter who has been named Marjorie Alice. Mother and child are doing well.

Mrs. Sue Braly and her daughter, Miss Bessie, left Tuesday for Chandler, Arizona, after spending nearly six weeks here at the home of Mr. and Mrs. John Hyde Braly, 205 N. Brand boulevard.

Mrs. Mary Rich of Tropico avenue, is gradually recovering from the effects of a fall in which her left arm and shoulder were badly wrenched and bruised. She hopes soon to be able to resume her accustomed activities.

Mrs. Edgar W. Pack was the guest of Mrs. Van Horne, Hollywood, at a luncheon on Saturday. Bridge was played during part of the afternoon, when knitting sweaters and socks made a fitting close to a pleasantly appointed day.

When his relatives last heard from him, Roger Baker, who is at Camp Lewis, American Lake, was learning to drive an auto truck. He is looking for a transfer to some other camp and rather expects it will take him to "somewhere in California."

Mrs. George B. Rogers, of Los Angeles, and Mrs. Jones, a friend from the east who is visiting in the Angel City, attended the meeting of the Tuesday Afternoon Club this week as guests of Mrs. Frank N. Arnold and Mrs. Brant. Mrs. Rogers is Mrs. Arnold's sister-in-law.

Baby Osborne, of moving picture fame, is expected to be a guest at the Red Cross Bazaar to be held in the Tropico City Hall tomorrow. She will probably assist as a saleswoman. The Osborne family now reside in Tropico, having leased the Allen E. Boyce home on Brand boulevard.

Mrs. John M. Boynton, of Philadelphia, is expected to arrive Saturday to spend the winter in Southern California, which she is visiting for the first time. She will divide her time between the homes of her sister-in-law, Mrs. W. H. Sullivan, of San Fernando boulevard, and Mrs. A. T. Williams, of Glendale.

There will be more parties than have heretofore been reported, at Union High School Friday. German and French classes, as well as the Spanish students, are each to have a party between the seventh and eighth period. Particulars have not been furnished beyond the fact that there will be refreshments and a general good time.

Glendale Adventists have established a church in Tropico and are holding services in the Presbyterian church with an average attendance of sixty to seventy-five. They confidently expect to increase the number but just at present are finding it a little hard to pull people from the home church at Glendale where they have been accustomed to worshipping.

Norton C. Wells, manager of the Forest Lawn Memorial Park association, reports that the commencement of the mausoleum, which was to have been started this week will be delayed in order to secure additional data from the architect. C. W. Kent of Glendale, has been awarded the contract for its construction, and it will probably be begun the early part of next week.

J. M. Baldwin, of Monrovia, an official of the Home Telephone company, was in Glendale today on matters connected with the affairs of the corporation.

Mrs. Hugh Showalter underwent a very delicate operation at the Glendale Sanitarium this morning, performed by Dr. Rand. Her friends will be pleased to know that she is doing nicely.

Dr. and Mrs. Wm. C. Mabry have had the pleasure during the last week of entertaining Mrs. Mabry's brother, A. H. Mayne, Jr. and his bride from Salt Lake City. The happy couple included in their tour the beach attractions from Coronado to San Francisco and expected to reach here about the 15th inst. Mr. Mayne is manager of the firm of Lovering & Mayne, agents for Marmon automobiles and Autocar trucks.

No serious injuries were sustained by motorists who visited Glendale Sunday, L. R. Thompson, of Pasadena and B. E. Baxter, of 1228 Produce street, Los Angeles, who collided at Third and Louise streets. One driver carelessly backed his car into the other's auto. Miss F. M. Nelson, who was in Baxter's car, was thrown against the windshield and cut about the face but not badly hurt. Both cars were damaged.

Merna and Merle Kahler, of Tropico, will be on the regular program of Pantages in Los Angeles, all next week. After that Merna will travel on Pantage's Circuit, Mrs. Kahler accompanying her. For a child so young to secure such a professional engagement is considered quite remarkable, but Merna has wonderful talent and has worked hard to prepare herself to entertain the public. A great future is predicted for her.

Jason Kilgore son of Allen Kilgore, 1607 Vine street, is now a full-fledged wireless operator with a fixed job. A few days ago he started on the "Wilhelmina," a large freight and passenger steamer, for a Chilean port. The ship will take on a load of nitrate, then come back up the coast and through the Panama canal, bound for some eastern port, probably New York City. There Jason will be given a first-class railroad ticket and $15 for traveling expenses. He will come on homeward then, stopping off for a visit with relatives in Kansas. The "Wilhelmina" has been taken over by the government recently so Jason is working for Uncle Sam.

Not a pound of wheat is now sold for chicken feed unless by a dealer who had a supply on hand when the order to this effect was promulgated. Dealers who had unfilled orders with the wholesalers, are allowed to receive and sell such wheat for any purpose they wish to, we understand, but to their credit be it said, most such dealers turn the wheat back to the mills to be ground into flour and put on sale for chicken feed such grains as are not prohibited by the food administration. The great by-product of wheat, bran, and such grains as barley, kaffir and egyptian corn, milo maize, whole and cracked indian corn, give enough grain variety to keep the chickens in the finest order.

MEETING OF MUSIC SECTION

The music section of the Tuesday Afternoon Club will meet at the home of Mrs. W. W. Ramsay, 437 S. Adams street, Thursday at 2:30 o'clock. The time has been changed from Friday (the regular meeting day) to Thursday on account of the Red Cross Bazaar.

The program will be in charge of Mrs. Ella Cleveland, of Los Angeles, who will lecture on Japanese music, and give demonstrations with Edison records. Music section members are invited to each bring a guest. A large attendance is desired as matters of importance are to come before the section. Miss Mildred Pray will contribute instrumental numbers.

D. A. R. CONTRIBUTES TO FLAG POLE

The General Richard Gridley chapter, Daughters of the Revolution, have voted to contribute $5 to the municipal flag pole which is soon to be erected in Glendale. Mrs. Mary H. Gridley-Braly, regent of the Chapter was very anxious that the organization should have a part in this patriotic work and the members of the chapter responded enthusiastically.

STORK LEAVES TWIN GIRLS

From A. S. Dudley, assistant secretary of the Los Angeles Chamber of Commerce, who resides at 1209 Lomita avenue, the happy intelligence is received that the official stork left twin girls at his house last night. They were given an exceedingly cordial reception and one name apiece, viz. Marian and Carolyn. Later each will be given an additional name. Mother and babies are doing well.

ACCIDENT DELAYS COMMISSION

Roger Brown, manager of the Home Telephone Company in Glendale, states that action by the Railroad Commission on the proposed merger of the Sunset and Home companies in this city has been delayed by an accident suffered by the reporter who took the official notes at the local hearing. He fell and so severely injured his back that he had to be taken to a hospital. No one else can transcribe his notes so they are being held until he recovers sufficiently to do the work himself.

"GLENDALE BOULEVARD"

Anent the very pertinent discussions that have appeared in the columns of The Glendale Evening News during the past week relative to renaming and re-numbering of streets in "Greater Glendale," I can not refrain from joining in with a word or two on the subject, as it seems to me that its agitation should continue till public sentiment thereon crystallizes in the right action.

Well does our indefatigable Mrs. Richardson close her patriotic appeal, for the re-naming of Brand boulevard, in last Thursday's issue of The News, by calling our attention to the fact that "public opinion controls things," and as aptly does the public spirited editor, in the same issue, apply the historic words: "Now is the time for all good men to come to the aid of the country" in actively wielding the cudgel of publicity on all questions affecting our civic interests. Long live Kinnan, who made the motion; and Nicoles, who seconds it; and all others who are awake or are being roused to the necessity of using the present unique opportunity for the correction of the mistakes of the past as well as making the wisest provisions for the future. Hind-sight is, no doubt, easier to exercise than foresight, but it is a very expensive luxury, and one altogether out of harmony with the New Order dawning upon the world. Yet, true as that statement is, it is equally true that the most expensive of our civic follies is to permit the present little personal interest or opinion or prejudice to stand in the way of our unquestioned community good. The first may be pardoned and easily overlooked; the second is absolutely beyond the pale of extenuating circumstances. Ho for a quickened interest and vital determination to let nothing stand in our way in making Glendale, from every conceivable standpoint, the most attractive and desirable city in our glorious state; and why not, with all the essentials ready at hand?

Have not we the advantage in point of location; environment; character of citizenship; natural and acquired resources; and practically everything to please the most exacting? Are we ashamed of Glendale? Certainly not! Then why should not the street which connects us with Los Angeles be called "Glendale Boulevard?" There will be slight difficulty in securing the extension of the name to cover the entire length to its intersection with Figueroa.

What will this mean to our city in advertising value? How many eastern visitors to Southern California come and return without even knowing Glendale's advantages? How many of these, come west for the purpose of permanently locating, buy in localities far inferior to ours, while our vacant property practically goes-a-begging? Whose fault is it, in the last analysis? This is our opportunity to strike home with one blow, and thus bring to all our interests good and lasting results.

E. ELLART NELSON,
151 West Tenth Street.

RED CROSS BAZAAR NEWS

"Good things to eat," is the slogan at the booth conducted by the War Relief and Recreation committee of the Tuesday Afternoon club. It is requested by the committee in charge that all donations be brought to the Elk's lodge room, 1107½ W. Broadway not later than 10 o'clock Friday morning.

MERCHANTS, HOUSEWIVES, ATTENTION!

The High School Parent-Teachers' Association has recently organized an Employment Bureau in the high school.

Can't you use the services of some bright, willing, young boy or girl before or after school or on Saturdays? Some students desire to work especially during the Christmas holidays. Why not let them take the extra burdens of the season off of your shoulders?—such duties as clerking, cleaning store or windows, running errands, care of yard or lawn, light housework, care of children, and numerous others.

The services of the Bureau are free. Your interests will be safeguarded. Telephone George F. Sawyer, in charge of boys, or Ethel Flood, Dean of Girls, both at the high school. Telephones: Sunset, Glendale 120; Home, 422.

RUSH TO ENLIST

The recruiting office in Los Angeles was entirely unprepared for the great rush of the past few days as only two examining physicians were on hand and they worked from 9 a. m. to 3:30 p. m. only. Young men wanting to enlist went very early in the morning and stood in line, some of them all day, and then could not be examined. One Glendale young man went two successive days at 10 and stood in line the rest of the day and then came home tired and worn out. The second day the branch of the service he wished to enlist in was called out by a sergeant and, the five candidates therefor ordered to leave the line and await a summons. They waited three hours and were then curtly dismissed. The sergeant was told by one of them that they were all ordered to wait and replied "You can stay here all night if you wish, but you can't be examined." This great rush for enlistment is on account of the announcement that after December 15, none of the men named in the draft list will be allowed to enlist.

PARENT-TEACHERS' MEETING

The Christmas program of the P.-T. A. of the Central Avenue school will begin Thursday, December 13th, at 1:45 o'clock. Miss Flood of the High School will be the speaker and Christmas songs will be sung by the children.

RESOLUTION NO. 974

A RESOLUTION OF THE BOARD OF TRUSTEES OF THE CITY OF GLENDALE DECLARING ITS INTENTION TO CHANGE AND ESTABLISH THE GRADE ON A PORTION OF BROADWAY IN SAID CITY.

The Board of Trustees of the City of Glendale do resolve as follows:

SECTION 1. That it is the intention of the Board of Trustees of the City of Glendale to change and establish the grade on Broadway from the Easterly line of Glendale Avenue to the Easterly boundary line of the City in accordance with the following elevations:

At the intersection with Glendale Avenue,
565.30 at the Northeast corner, and
563.90 at the Southeast corner.
At the intersection with Franklin Court,
564.90 at the Southwest corner, and
565.20 at the Southeast corner.
At the intersection with Everett Street,
568.80 at the Northeast corner,
568.40 at the Northwest corner,
567.20 at the Southwest corner, and
567.80 at the Southeast corner.
At the intersection with Cedar Street,
571.77 at the Northeast corner,
571.30 at the Northwest corner,
570.50 at the Southwest corner, and,
570.97 at the Southeast corner.
At the intersection with Belmont Street,
574.75 at the Northeast corner,
574.20 at the Northwest corner,
573.40 at the Southwest corner, and
573.92 at the Southeast corner.
At the intersection with Adams Street,
577.28 at the Northeast corner,
577.70 at the Northwest corner,
576.70 at the Southwest corner, and
576.28 at the Southeast corner.

At a point on the South line 449 feet East from the East line of Adams street the grade shall be 577.20.

At points on the South line respectively 50 feet East and West from the East line of the Childs Tract, as per map recorded in Book 5, Page 157, Miscellaneous Records of Los Angeles County, California, the grade shall be respectively 577.20 and 577.05.

At a point on the North line 542.45 feet East from the East line of Adams Street the grade shall be 578.06.

At points on the North line respectively 40 feet East and West from the East line of said Childs Tract, the grade shall be respectively 578.55 and 578.55.

At points on the North line 177 feet and 415.71 feet West from the West line of Olive Street, the grade shall be respectively 579.05 and 578.69, and at points on the South line respectively opposite thereto the grade shall be respectively 578.15 and 577.72.

At the intersection with Olive Street,
582.09 at the Northeast corner, and
581.42 at the Northwest corner.
At the intersection with Verdugo Road,
592.70 at the Northeast corner,
592.20 at the Northwest corner,
591.55 at the Southwest corner, and
591.80 at the Southeast corner.

At a point on the South line 40 feet East from the Southeast corner of Verdugo Road, the grade shall be 592.65.

At points on the North line 495 feet and 1195 feet East from the East line of Verdugo Road, the grade shall be 599.00 and 602.20 and at points on the South line respectively opposite thereto the grade shall be respectively 598.20 and 601.40.

At a point on the North line 40 feet West from the Northwest corner of Eagle Rock Road and Broadway, the grade shall be 608.60.

At a point on the South line 1758 feet East from the Southeast corner of Verdugo Road and Broadway, the grade shall be 608.65.

At the intersection with Eagle Rock Road,
610.30 at the Northwest corner, and
610.90 at the Northeast corner.

At points where the North line is intersected by the Northeasterly and Southwesterly lines of the Right of Way of the Glendale and Montrose Railway, the grade shall be respectively 610.80 and 610.70.

At points where the Easterly prolongation of the South line of Broadway is intersected by the Northeasterly and Southwesterly lines of the Right of Way of the Glendale and Montrose Railway, the grade shall be respectively 606.55 and 607.35.

At a point on the Northeasterly line of Broadway 141.31 feet Northwesterly from the Easterly boundary line of the City of Glendale, the grade shall be 609.90 and at a point on the Southwesterly line of Broadway 116.72 feet Northwesterly from the Easterly boundary line of the City of Glendale, the grade shall be 608.00.

At points where the Easterly boundary line of the City of Glendale is intersected respectively by the Northeasterly and Southwesterly line of Broadway and by the Northeasterly and Southwesterly lines of the Right of Way of the Glendale and Montrose Railway, the grade shall be respectively 604.24, 603.33, 603.10 and 602.10.

That between these points, the grade shall conform to straight lines joining those points on the same side of the street, excepting that the points of intersection of the grade lines on the North and South lines 542.45 feet East from the East line of Adams Street, 177 feet West from the West line of Olive Street, 40 feet and 1758 feet East from the Southeast corner and 495 feet and 1195 feet East from the Northeast corner of Verdugo Road and Broadway, and 40 feet West from the Northwest corner of Eagle Rock Road and Broadway shall be the points of intersection of tangents of parabolic vertical curves which shall extend respectively 50 feet, 100 feet, 40 feet, 40 feet, 200 feet, 100 feet and 40 feet East and West from said points of intersection and that said curves shall supplant the straight lines within said limits.

The grades given are in feet above the City Datum Plane, are established on the property lines of the street, and refer to the top of curb.

The profile of Broadway designated and marked "Profile No. 732," on file in the office of the City Engineer of the City of Glendale, which more particularly exhibits the grade herein described is hereby referred to and made a part hereof.

SECTION 2. That the proceedings for the aforesaid change of grade shall be under the provisions of the Act of Legislature of the State of California, designated and known as the "Change of Grade Act of 1909," approved April 21st, 1909.

SECTION 3. The Glendale Evening News, a daily newspaper of general circulation, published and circulated in said City of Glendale, is hereby designated as the newspaper in which this Resolution and notice of the passage thereof shall be published in the manner and by the persons required by law.

SECTION 4. The Superintendent of Streets of said City is hereby directed to post notices of the passage of this Resolution in the manner and in the form required by law, and to cause a similar notice to be published by six insertions in said newspaper in the manner required by law.

SECTION 5. The City Clerk of the City of Glendale, is hereby directed to post this Resolution conspicuously for two days on or near the chamber door of the Board of Trustees of the City of Glendale, and to cause the same to be published by two insertions in the manner required by law, in said newspaper.

Adopted and approved this 11th day of December, 1917.

SEAL J. S. THOMPSON,
President of the Board of Trustees of the City of Glendale.

Attest:—
J. C. SHERER,
City Clerk of the City of Glendale.

State of California)
County of Los Angeles)ss
City of Glendale)

I, J. C. Sherer, City Clerk of the City of Glendale, hereby certify that the foregoing Resolution was adopted by the Board of Trustees of the City of Glendale, State of California, and signed by the President of said Board at a regular meeting thereof held on the 11th day of December, 1917, and that the same was passed by the following vote, towit:

Ayes: Grist, Jackson, Muhleman, Thompson, Woodberry.
Noes: None.
Absent: None.

J. C. SHERER,
City Clerk of the City of Glendale.
86t2

A BILL

Mr. Randall introduced in the House of Representatives on December 3, 1917, the following bill; which was referred to the Committee on the Judiciary and ordered to be printed.

To prohibit the sale, manufacture, transportation, or importation of alcohol or alcoholic beverages during the term of the present war, except for certain purposes, and to provide for the commandeering of all distilled liquors for government purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That from the date of the approval of this Act no person shall sell, manufacture, transport, or import, nor shall any person use any food, fruits, food materials, or feeds in the production of alcohol or alcoholic beverages, except for governmental, industrial, manufacturing, scientific, or medicinal purposes, during the term of the present war. Any person who willfully violates any provision of this section shall, upon conviction thereof, be punished by a fine of not exceeding $5,000, or by imprisonment for not more than two years, or both.

Section 2. That the President is authorized and directed to commandeer all distilled spirits in bond or in stock for sale at the date of the approval of this Act for redistillation to meet the requirements of the government in the manufacture of munitions and other military and hospital supplies. The President shall determine time and pay a just compensation for the distilled spirits so commandeered; and if the compensation so determined be not satisfactory to the person entitled to receive the same, such person shall be paid seventy-five per centum of the amount so determined by the President and shall be entitled to sue the United States to recover such further sum as, added to said seventy-five per centum, will make up such amount as will be just compensation for such spirits, in the manner provided by section twenty-four, paragraph twenty, and section one hundred and forty-five of the Judicial Code.

HOUSE NUMBERING

(Continued from Page One)

from the south, such streets as Cypress, Moore, Acacia, Oak Drive and Ninth street, etc., would be dividing lines for numbers North and South; East and West would be Brand Boulevard, Louise, Jackson, Howard, etc. By changing only at these more or less through streets we would be enabled to avoid confusion in numbering and keep our numbers from running up too high.

In the first system I mentioned, there would be no duplication of numbering in the City. Glendale in the old system of numbering used First Street and Adams Street as the dividing lines from which to commence numbering, and because of the fact that a comparatively small portion of the population of Glendale lives east of Adams street and north of First street, the defect in this system of numbering owing to the repetition of numbers has not been so apparent; but shift the division lines to Broadway and Brand, as proposed in the second system suggested by myself, and there would be considerable confusion.

As I take it the one way system of numbering has every advantage that a system starting from Broadway and Brand would have and none of the disadvantages. The argument has been made that a party coming out to Glendale on the Brand boulevard car line could more easily locate themselves if they knew that the numbers radiated away from the two main business streets of Glendale, namely, Broadway and Brand boulevard. I contend that a stranger coming out on the car from Los Angeles, could without asking any one, locate a north and south number in this town from the car windows, and east and west numbers the minute they got on the street and saw the way the numbers were running. With the numbers running in either direction from Broadway and Brand, I am afraid endless confusion would occur. If our city boundary were not determined on the south and west there might be reason for not adopting this latter system, but unless we annex the city of Los Angeles there is no possibility of expansion in these directions. Any expansion that the city may make must of necessity be east and north. The first method proposed would not be disturbed in the least by such expansion.

I trust you gentlemen will take these maps home with you and study them over carefully and make notes of any arguments for or against either system. These maps which I have submitted are of necessity not carried out in detail, but are merely submitted in order to convey the general idea.

Respectfully submitted,
EDWARD M. LYNCH,
City Engineer.

RESOLUTIONS OF APPRECIATION

We, the comrades of N. P. Banks Post, do appreciate our comradeship most highly and are reminded that what we do for each other and those about us must be done quickly and so we are admonished to be up and doing while it is call today. For the privileges and blessings of our Post we are in debt very largely to others who have gone before us. Among those who served his country well and at great sacrifice and who came home at the end of the war to do valiantly in all the relations of life, and who became a charter member of this Post, and who served to make it good and strong, was Comrade Newell Reynolds.

We would express our appreciation of his faithful service here, and rejoice in the victory that came to him after a long siege of suffering. He was crowned a victor at last. We would express also our sincere thanks to members of the home where for a good many months our comrade was so patiently and lovingly cared for. He has gained his inheritance among the redeemed ones and we will seek to emulate his worthy example.

Comrade farewell, but not forever. We will meet you again in the Land fairer than day.

B. F. PATTERSON.
C. R. NORTON,
U. H. EMICK.

LOCAL HISTORICAL SOCIETY IS NEEDED

While talking with one of the progressive citizens and business men he suggested a "Historical Society" to preserve items of interest to future generations and articles of historical value. Old settlers could give in their experiences of the early days and these could be published, then clipped for scrap books. Soon large volumes of interesting matter referring to pioneer days could be laid up. These and various articles collected showing different phases of early industries, would be a valued addition to the Chamber of Commerce display. The gentleman in question referred to such a society in a Colorado city where he formerly lived and it was one of the interesting institutions of the city. And this recalls the fact that in some eastern cities and towns local chapters of the D. A. R. are doing this kind of work. We heartily favor the suggestion made and trust it may soon be carried out.

Chief of Police Herald states that his department has as yet no clew to the identity of the thief who entered the rooms of Miss Curtis in the Flower apartments and stole a diamond lavalliere and watch last week.

ATWATER TRACT NOTES

Mesdames Henry Grauel, W. S. Grauel, J. W. McMillan, M. M. Schout, Miss Adda G. Burch and F. C. Grauel went to Pasadena Saturday to attend the funeral of Miss Kate Burton.

Mr. and Mrs. W. S. Grauel have returned from a week's visit in San Diego.

Mrs. Dwight Griswold, of Escondido, has been the guest of Mrs. Louis Baker this week.

Percy Morrison, of the U. S. Navy on the Steamship Rainbow, San Francisco, has been the guest of Mr. and Mrs. A. C. Guth of Perlita avenue.

A. C. Guth Jr. came up from Camp Kearny recently and spent several days with his parents.

Mrs. Hugo Jacobsmeyer, of Atwater avenue, gave a "shower" in honor of Miss Lottie Doner, of Pasadena, Sunday. Covers were laid for twelve.

Mr. and Mrs. William Grauel left Monday for Catalina in the expectation of spending several days there.

RED CROSS CHILDREN'S DISPENSARY

The following cablegram has just been received by the American Red Cross from the Paris headquarters of the organization:

"A report from Evian announces the American Red Cross opened a children's dispensary Tuesday in the garage of the Old Hotel Chatelet, now the American Children's Hospital. The Evian hospital was opened ten days earlier with seventy beds and is already over-crowded with diphtheria, measles, scarlet fever and whooping cough cases.

"The American doctors twice daily examine an average of 250 children arriving from behind the German lines and send contagious cases to the American hospital. Every contagious case thus stopped may mean an epidemic prevented somewhere in France. An American dentist has opened a dental dispensary in the old kitchen with a dental chair improvised from a wine barrel.

"Among the first dispensary patients was an underfed boy from Lens. His family of seven had been living two and a half years in the cellar under their totally wrecked house valued at 100,000 francs. The family was evacuated last April to Luxemburg and lived seven in one room, sleeping on straw.

"In the first week of the American dispensary at Evian over 2,400 children were examined, more than 1900 being between the ages of three and thirteen years."

THE GREATER SEQUOIA

Growing public interest in the plan of the Department of the Interior for the enlargement of the Sequoia National Park undoubtedly had much to do with last summer's enormous increase in the patronage of this fascinating reservation on the west slopes of the Sierra Nevada Mountains in central California. This increase amounted to more than 72 per cent of the attendance the year before; and last year's attendance, be it noted, was an increase of 40 per cent over the figures of the exposition year preceding.

That these two enormous increases cover the precise period since the plan for "the Greater Sequoia" was made public is at least significant.

Last summer's increase consisted largely of campers in and near the Giant Forest. Many of them remained for weeks, some all summer, much to the profit of the local business channels through which they purchased their supplies.

The Sequoia is fast becoming the greatest camping out locality in the country and if the magnificent groves of the present Sequoia Park are supplemented by the immense scenic valleys it is proposed to add to the park, valleys now unknown to the public, there will be drawn to the park many thousands of campers yearly from far distant states.

NOTICE OF GAS HEARING

The people of Glendale are invited to be present at the next regular meeting of the Board of Trustees, City Hall, Thursday, December 13, at 8 o'clock.

The question of the purchase and operation of the Gas system by the City of Glendale will be taken up and discussed at this meeting.

The raise in the gas rate from 68 cents to 80 cents per 1000 cubic feet went into effect December 6th.

The engineer employed by the city to report on the gas situation has sent in his report. It will be gone into at this meeting. 82t6

A homey, health-winning retreat; A place where you learn how to add years to your life and life to your years; an institution where you are taught the simple decalogue of right living.

Write for Descriptive Booklet

KINNAN APPROVES NAME

A. T. Cowan,

Editor News:—I think Mrs. Richardson's suggestion of the name of "Glendale Boulevard" for our coming new highway into Los Angeles, is a most happy one. Everything considered, nothing could be more appropriate, and I believe the Council of Los Angeles would gladly fall in line for that name, for it is appropriate from every angle.

Of course, to avoid confusion, it would be necessary to find another name for our Glendale avenue, but that matter could be readily adjusted to met general approval.

Respectfully,
C. W. KINNAN.

STABBING AFFAIR

Chief of Police Herald reports that the most exciting event in connection with his department was the arrest on Monday of a drunken Mexican, Salazar by name, at La Crescenta, who had attacked Pete Martinez, another Mexican, with a knife and severely injured him. All the parties were drunk on booze which the Chief says was procured at the winery on San Fernando road just over the Los Angeles line. A hearing was had before Justice Miller Monday afternoon and Salazar was held on $200 bail. He is now in the County jail. A woman who was also involved in the affair and placed under arrest was given ninety days in jail. Martinez was stabbed in the chest and an artery in his elbow was severed, according to the account at police headquarters. He was taken to a Los Angeles hospital but was yesterday brought back to his home in La Crescenta.

Mr. Herald says the winery referred to is the cause of most of the police trouble in Glendale and he wishes that Los Angeles Dry would get after the establishment for the good of our community and its own.

DISSOLUTION NOTICE

In the Superior Court of the State of California in and for the County of Los Angeles.

In the matter of the voluntary dissolution of the Seaboard Land Security Company, a corporation.

Notice is hereby given that on November 26, 1917, the Seaboard Land Security Company, a corporation, filed with said court in writing, a voluntary application for dissolution of said corporation and that thereupon said court ordered that the same be heard in said court on December 28, 1917, at 10 o'clock a. m., and that the clerk of said court give notice of the same by publication in the Glendale Evening News, a newspaper published in said county, for a period of 30 days, commencing November 26, 1917, and that this notice is given pursuant to such order.

Given under my hand and the seal of said court, this 26th day of November, 1917.

H. J. LELANDE,
Clerk of Said Court.
By F. J. ADAMS,
Deputy Clerk.
(Seal of the Superior Court.)
CHARLES L. CHANDLER,
Attorney for Applicant.
